

# ENTVLIESMASCHINE MEMBRANE SKINNING MACHINE EPLUCHEUSE DESVELADORA

## EASY

# MAJA®

TECHNOLOGY FOR THE FUTURE

## Technical details

The membrane skinning machine EASY offers the technology for optimal skinning in the butcher's trade section. This highly efficient machine processes precisely, energy-saving and quickly cuts of pork, veal, beef, game, poultry and horse.

The trendy presentation of the meat cuts for sale, its use for sausage production as well as an easy operation characterize this machine.

EASY - a product of the MAJA Skinning Program!

- For the butcher's trade and supermarkets
- Processing of specialities such as ostrich, kangaroo, game
- High yield
- Cleaning of the tooth-roller either through patented MAJA tooth-roller cleaning system or by compressed air
- 3 mm stainless steel, thus high stability of value
- Operation by foot pedal
- Machine closed from bottom, thus optimal hygiene and easy cleaning

Type	Cutting width mm	Width of machine mm	Depth of machine mm	Height of machine mm	Electrical connection kW	Air consumption* l/min.	Weight kg
<b>Easy</b>	341	753	622	994	3AC/50Hz/400V 0,75	—	165
<b>Easy/1</b>	341	753	622	994	3AC/50Hz/400V 0,75	260	165

\* Cleaning of the tooth-roller by compressed air, 6 bar
